

# PROMAC

Job Title: Machinist – 2 positions  
Reports to: Machine Shop Foreman  
Date: June 2018

## Summary:

- We are looking for two Machinists to join our team.
- One CNC machinist who will Set up, write and prove programs and operate CNC vertical and horizontal milling centres, lathes and mill / turns. Also create programs using GibbsCAM computer software. Fancuc and/or Heidenhain controller experience would be an asset.
- One well-rounded Manual Machinist who can operate Lathes, Milling Machines and possibly Boring Mills along with typical support machines (I.e: Radial Drill Press / Saw). A willingness to train on CNCs would be an asset.
- Interprovincial Machinist qualification for both positions is preferred.
- Minimum 5 years experience

## Compensation:

- Upon successful completion of a probationary period, Promac will provide an excellent compensation package including Industry leading wages, MSP coverage, extended health and dental, RRSPs/ Pension and safety equipment cost allowances.

## Training:

- Machine specific and GibbsCAM training will be provided if needed.

## Essential Duties and Responsibilities:

- Includes the following. Other duties may be assigned.
- Studies drawings, sketches, manuals, specifications, or sample part to determine dimensions and tolerances of finished workpiece, sequence of operations, and setup requirements.
- Selects and sets up holding fixtures and jigs, cutting tools, attachments, accessories, and materials on machine tools as necessary to machine parts as required.
- Verifies conformance of finished work-piece to specifications, using precision measuring and inspection tools as necessary.
- Performs routine maintenance tasks on machines as required and maintains a clean and organized work area according to maintenance plans and established procedures.
- Confers with engineers, production personnel, or others to resolve machining or assembly problems.
- Works well independently or in a team environment.
- Maintains a positive work atmosphere by acting and communicating in a manner so that you get along with customers, clients, co-workers and management.
- Continues to learn and grow within our dynamic workplace.
- Ensures that safe work practices are followed and adhered to.
